

TOXINS 2022

Basic Science and Clinical Aspects of Botulinum and Other Neurotoxins

6th International Conference

New Orleans Marriott • New Orleans, Louisiana

July 27-30, 2022

Ancillary Meeting Space Information

Ancillary Events

The International Neurotoxin Association (INA) allows companies and nonprofit organizations to host events during TOXINS 2022, but places limits on the times and venues of these events.

The INA must review and approve ANY event involving TOXINS 2022 meeting attendees during the inclusive dates of the conference before promotion and implementation of the event can occur, whether it is being held at a conference hotel or another venue.

Applications for approval to host events during TOXINS 2022, including, if available, a copy of the brochure, invitation, or agenda should be submitted via email to Rose Puleo at info@neurotoxins.org no later than April 29, 2022.

No ancillary events involving TOXINS 2022 attendees are allowed during the following times:

- Wednesday, July 27th – 5:30 pm-8:30 pm
- Thursday, July 28th – 7:30 am-7:30 pm
- Friday, July 29th – 7:30 am-7:30 pm
- Saturday, July 30th – 7:30 am-Noon

Once your request has been approved by the INA, the New Orleans Marriott will contact you for further details to confirm your request and provide a contract.

Please Note: The sponsors must comply with US laws and regulations, applicable Pharmaceutical Research and Manufacturers of America Guidelines, Medical Device Manufacturers Association Revised Code of Conduct on Interactions with Healthcare Providers, and all other applicable codes, laws and regulations.

To request space, [click here](#) to download the application. Complete the application, sign, and email to: groups@neurotoxins.org.
